John 3:17
For God sent not his
Son into the world to
condemn the world, but
that the world through
him might be saved

Dear Beloved in the Lord:

To My Brothers and Sisters at The Berean Church
God has been so gracious and our summer outreach was blessed
beyond our imagination, Great is His Faithfulness!

Although while still in the states the bearings burned out on one
of the trailers, God gave them the directions they needed to get the
problem fixed and they were on their way once more with grateful hearts
and burdened spirits to share God's gospel with hungry hearts, Praise
His Name. Unfortunately, Grandmother's Bay was shorthanded God
undertook and gave them the strength and knowledge to stand together
as the team in the Lord. They reported a blessed week with very good
results Grandmother's Bay and Stanley Mission had to work around a
wedding and a wake in the same week they were there which meant they
didn't have that many children in attendance. One girl reported a real
growth in her faith which she attributed to the ministry of Stanley
Mission throughout the years, Glory to God!

There were many decisions for Christ the week they were there,
they also had a very interested teenage ministry. Praise Him!

Sucker River- One of the team members who lives in Sucker
River had watched her mother suffer from cancer for months. How
pleased she was when her mother requested to be baptized, she was too
sick to go down to the river to be baptized, so they sat a chair out on her
lawn. Cole one of the few Christians, who lives in Sucker River, asked
her to give her testimony and what a sweet one she gave. Everyone who
heard it was blessed. He then poured some water over her head, her
radiant smile blessed everyone there. She is now in the presence of her
Savior. There are few Christian's who carry on the ministry throughout
the year. Please prayer for them as they face opposition to the gospel.

Air Ronge was a very hard village to work with as they were surrounded by Sweat Lodges and witch doctors. One member of the team, said that it was truly like they were showing the light in the darkness as they shared God's love in the gospel. They were blessed by one young boy who receive Christ as his Savior and immediately wanted to share his new-found faith with others, he invited all his friends to club, and he was excited when he was given his very own brand-new Bible. They did report that there were other decisions made for Christ.

All the trips to the village were greatly blessed. On the way back, they had car troubles but they all made it safely home very tired but rejoicing and praising the Lord.

I apologize for this letter being so late but I had quite a negative experience with my health. My sixteen-year-old Grandson, Keith, was staying with me at his older brother Ryan's home, we were house sitting for them while they went on a vacation. Keith called the ambulance right away-the doctor told him that he saved my life. I was in the hospital for two weeks and a rehabilitation facility for a month, and in-home for another month. I praise God that I am almost back to what I was before, and I feel stronger every day.

I have taken up a new residence at Ryan's house, and my new address is:
