

Dear Family & Friends,
We have had a special 2017 holiday season with sister, Janice here. She brought these beautiful beads with her and a friend made Wordless book bracelets.

This is a picture of our last Bible study before Christmas. We made Christmas cookies.

Here is our Sunday night fellowship group singing the hymns of Christmas.

The Nobonob church was beautifully decorated for Christmas. The tree was made of palm fronds and all the light colored hangings are made from palm fronds. After the Christmas Sunday service, we had a Christmas concert, with people singing songs in Nobonob and dancing. Some songs had been newly written and others were sung from their Nobonob hymn book.

Three ladies came early for the Wed. Bible study and helped us decorate the cookies. We had watermelon and their gifts you see sitting there were a Christmas cup with a packet of coffee.

Below on the right is a picture of the all-staff Christmas dinner. God has truly blessed us with a good group of staff.

Another birthday cake made. Their favorite is banana cake!

Ulys puts Nobonob Scripture on people's phones or tablets.

We are also blessed by all of you who give and pray for us. May our God give all of you a great 2018.

In His Love, Verna and for Ulys
