

I sent this before Thanksgiving, and just realized it did not go. So sending again. Sorry it is late.

"In everything give thanks;" I Thessalonians 5:18

As we come to the end of this year I have so much to give thanks for:

1) God's grace, wisdom and strength as I have traveled many miles and had the privilege of training many teachers. Since early May, I have taught in eleven countries and actually was in two countries two separate times for different trainings - from the Islands of the

Pacific, to the outback of Australia, to the large cities of Asia. I flew on 17 different airlines! The trip home was 30 hours. Thank you Lord.

2) At our National Director's meeting they thanked me for my 31 years of service in Asia Pacific giving me a beautiful plaque. What a wonderful time it has been. So many trained, so many friends! Thank you Lord.

3) In so many different places God's glory is displayed in His creation. What joy to see His beautiful creation. Thank you Lord.

4) God uses so many people to pray and give financially so that I can travel and train. Thank you Lord.

5) God has raised up so many trained teachers and instructors in each country. Thank you Lord.

6) God has provided a wonderful home for me to stay in at Sheridan Lake, CO. It is a nice place to stay and rest, and also to be able to do Zoom teaching when necessary. Thank you Lord.

6) So much to be thankful for moment by moment, day by day.

7) I will attach a few pictures for you to praise the Lord with me for the children, teachers and creation. First Korea students and teaching on my birthday, beautiful fall tree in Korea, Indonesia children and Zoom training staff.

As I finish this letter, I want to thank you in advance for those who give special personal gifts at Christmas. Last year the way these are handled at CEF headquarters has changed: If you want to give me a personal gift, it should just be sent to me at 7569 County Road 72, Sheridan Lake, CO 81071

Giving Thanks to God,

Janice Johnson  
Asia Pacific Regional Education Director
