

"I will sing of Your power;" Psalm 59:1

The Marshall Islands was a wonderful time of training people, reaching children, and enjoying God's beauty, beautiful sea and lots of rain. Most of the 18 students were mothers, and three young men. The second week they went out to reach children, reaching about 60 and counseling 30. I had a nice little apartment to stay in by the training room.

I will be teaching one week by Zoom the first week of November. I have some opportunities here to share about missions. God is faithful and I sing and rejoice. Thank you for praying and for those who share in support.

Here are a few pictures from the Marshall Islands to see students, children and God's beauty! First one shows how narrow the island is in places, beauty of the sea, students and children and committee with Joy the director and me.

Rejoicing,
Jan
